A n t w o r t
auf die Schriftliche Anfrage Nr. 18/15939
vom 08. August 2018
über Krankenhausmanagement II

Im Namen des Senats von Berlin beantworte ich Ihre Schriftliche Anfrage wie folgt:

Die Schriftliche Anfrage betrifft Sachverhalte, die die Senatsverwaltung für Gesundheit, Pflege und Gleichstellung nicht aus eigener Kenntnis beantworten kann. Um die Fragen dennoch beantworten zu können, hat der Senat daher die Vivantes Netzwerk für Gesundheit GmbH und die Charité - Universitätsmedizin um Stellungnahme gebeten.

Anlagen: Vivantes -Verbrauchsmengen 2017 der Standorte
Charité - Verbrauchsmengen 2017 der Centren

Der Umfang der Anlagen ist erheblich. Sie sind daher hier beispielhaft jeweils für Vivantes und die Charité beigefügt und werden darüber hinaus nur elektronisch zur Verfügung gestellt.

Ich nehme Bezug auf meine Anfrage 18/15730, die der Senat dahingehend beantwortet hat, dass es eine exakte IT-basierte Warenwirtschaft sowohl bei Vivantes wie auch der Charité gibt und frage daher:

Zu 1. bis 8.:

Vivantes:

Analysen zu Gesamtwirkstoffmengen werden wegen eines fehlenden Bedarfs bei Vivantes nicht vorgehalten. Es sind in den Anlagen die Gesamtverbrauchsmengen der benannten acht Wirkstoffgruppen je Vivantes-Standort beispielhaft für 2017 dargestellt. Monatliche Statistiken auf Kostenstellenbasis werden nicht geführt, da die Aussagekraft aufgrund strategischer Entscheidungen, Leistungsentwicklungen, aber auch wegen gesetzlicher Gegebenheiten und notwendiger infrastruktureller Veränderungen die Fachbereiche in den vergangenen Jahren verändert hat. Damit sind auch geänderte Kostenstellenzuordnungen einhergegangen (z.B. Trennung von Abteilungen, interdisziplinäre Stationen etc.).

Für Tochtergesellschaften stehen keine Daten zur Verfügung, da diese nicht über die Krankenhausapotheken versorgt werden dürfen.

Die Versorgung mit Medikamenten für die Bewohnerinnen und Bewohner der Forum für Senioren GmbH erfolgt über öffentliche Apotheken, da die freie Wahl der Apotheke durch den Heimbewohner nicht eingeschränkt werden darf.

Die Arzneimittelversorgung von Patientinnen und Patienten in ambulanter/vertragsärztlicher Behandlung ist grundsätzlich den öffentlichen Apotheken vorbehalten. Dementsprechend darf die Abgabe von Arzneimitteln durch Krankenhausapotheken an die Vivantes MVZ GmbH nicht erfolgen.

Charité:

Entsprechend der Controlling-Systematik der Charité ist der Medikamentenverbrauch nach Zentren erfasst. Es sind in den Anlagen beispielhaft der Verbrauch bzw. Aufwand für das Geschäftsjahr 2017 dargestellt.

Eine Auswertung nach Standorten sowie eine Analyse zu den Wirkstoffmengen bestehen nicht.
